EPISCOPAL MISSION IN AFRICA.—Rev.

Mr. Payne, at the Maryland Colony, Cape Palmas, says in a letter dated Cavalla, Oct. 20, to the Committee of the Episcopal Board:

"We have been pleased to see the attention of our Church called to the subject of educating laborers in this Mission, by a communication from the President of the Maryland Colonization Society, addressed to Bishop Brownell, and also by a resolution of a Committee of our Board of Missions at their last annual meeting."

With reference to his labors at Cavalla, he says: We have on the Sabbath, three schools for the instruction of adults and children. One taught by Mrs. Thompson, one by Mr. Gibson, and a third by Mr. Dennis. In these schools, taught in different parts of the colony, there is an aggregate attendance of nearly one hundred pupils.

In our colonist church building, too, there is progress. With funds obtained at Cape Palmas, the stone for the church has been quarried, some 10,000 bricks purchased, and the shells for burning lime collected. We are indebted to several friendly officers of the Navy and captains of merchantmen, whose kindness we would be glad to have acknowledge. Capt. Lovett, of Providence, contributed \$20; Commodore Reed and some friends of the "United States," about \$40; and lastly, our constant friend, Capt. Lawlin, of the Madonna a few days ago, \$100. As stated in a former letter, I have hoped to obtain, chiefly from Maryland, the funds necessary to erect the first regular church building in the Maryland colony.

A FUNERAL INSTEAD OF A BRIDAL CEREMONY.—Miss Nancy Bailey, of Merrimac,

formerly employed in the factories here, visited Nashua last week, for the purchase of her wedding dress, bonnet, and bridal cake, &c., preparatory for her marriage on Wednesday next. She had completed her purchases, and was on her way to the depot, Saturday evening, when the cars left. She therefore returned to the house of a friend, Mrs. Mitchell, on Canal street, near the Jackson Corporation. About half past three on Sunday afternoon, as she sat at the window, she threw up both her hands, exclaiming, "Why then is Mr. Brown (the name of the young man to whom she was to be married, and who is a resident of Concord, Vt.) Mrs. M. went to another window, but no one was in sight. At this moment, a crash of glass called her attention to Miss Bailey, who had fallen forward against the window. Help was instantly called, and she was placed upon the bed but with two gasps she lay a corpse.—Nashua Oasis.

"Let those who will repine at fate, And drop their heads in sorrow; I laugh when 'eares upon me wait— I know they'll leave tomorrow.—Dow Jr.

WHAT is the use of being sad, and closing the window-shutters of the soul's tenement, against the sunlight of joy. Mourners never heard a wound, nor eased a pain, but one 25 cts package of Mrs. Jarvis Cold Candy is a sure cure for Colds, Coughs, Sore Throats, Croup, Influenza, Consumption, &c., &c.

BY O. F. JACKSON, 97-THAMES ST

Advertisers will please bear in mind that the circulation of the DAILY NEWS is more than DOUBLE that of the Daily Herald, and greater than the combined circulation of the Daily and Weekly Herald. As one proof of this fact, the list of Letters remaining in the Post-Office is advertised in the NEWS, as BY LAW REQUIRED.

NEWS BY THE BRITANIA.

We mentioned yesterday the arrival of the Britannia at Boston on Saturday. The following is a summary of the news brought by her.

The position and prospects of commercial affairs continue to improve. The failures of the last two weeks are not extensive, and will entail but little inconvenience among commercial circles.

A correspondence between Mr. Bancroft, the American Minister, and Lord Palmerston, is published. Mr. Bancroft inquires if her Majesty's government is inclined to remove certain restrictions on intermediate commerce, and proposes, should her Majesty's government entertain similar views, that British ships may trade from any part of the United States and be received, protected, and in respect to charges and duties, treated like American ships, if reciprocally, American ships may in like manner trade from any port in the world to any port under the dominion of her Britannic Majesty.

Lord Palmerston, in his reply, stated that the subject had already engaged the attention of her Majesty's Ministers, and that a change would be proposed in the Navigation Laws.

The refusal of the American Postmaster General to accept the terms offered by Great Britain for a better system of international postage, has caused the utmost dissatisfaction in England. The proposals of reciprocity made by the latter country are universally regarded as being as liberal as they possibly could be.

Trade was still depressed in India, but no additional failure of English houses had taken place.

The enquiry into the state of the national defences of Great Britain has ended in the determination of Government to double the artillery force and embody 150,000 militia.

Parliament reassembled on the 3d February, the affairs of the West Indies and the Jewish Disabilities Bill, occupying the largest share of Parliamentary attention.

The Diet of Switzerland continues its sittings. The decision of the 2d of September last, concerning the expulsion of the Jesuits, has been confirmed in those forms adapted to present circumstances, as well as to the expulsion since affected by the four cantons in which they had fixed their residence.

Lord Palmerston has signified to the Austrian Court that any further armed intervention with the Papal States will be considered by Great Britain as a declaration of war.

France is in somewhat more tranquil condition than heretofore, but angry discussions continue to take place in the Chamber of Deputies. Reform banquets have been denounced as illegal, and are to be prohibited for the future. The health of the King has improved.

The accounts from Ireland are truly distressing; deaths from starvation are stated to have taken place throughout the land. Political strife runs high between the three national parties there. The subdivided party from the young Ireland are vehement in their incitements for an immediate appeal to arms against England, but reprobated by the others.

The Special Commission has been adjourned, after having passed the most severe sentences upon all the prisoners whose guilt has been proved. Upwards of fifty have been convicted of agrarian outrages, and the sentence of death hangs over no fewer than sixteen, who have been found guilty of murder. Outrages of a frightful character continue to afflict the provinces; and the state of reckless immorality disclosed by the evidence before the Special Commission to frightful to contemplate.

Sicily has been the theatre of a general insurrection, which has terminated in a complete revolution. The King of Naples, in the hope of putting an end to the movement, decided, on the 24th ult., to concede various legislative and administrative reforms, including an amnesty and a law on the press; which measures, it was at first thought, would effectually put an end to the revolt. In the mean time, Palermo was bombarded by the King's troops on the 14th and on the 15th, the bombardment continued, and shells were showered into the town. The consuls of Sardinia, Switzerland, Prussia, Russia, the United States, Austria, and England, endeavored in vain to induce the Duke de Moje to cease firing. At length a brief suspension of hostilities was agreed upon. During this short respite, the French consul embarked the French residents on board an American three-masted vessel lying in the harbor. The people, at a patley granted, demanded the re-establishment of the Sicilian constitution.

On the 29th, a royal ordinance was issued, decreeing a national constitution for the kingdom of the Two Sicilies, to be founded on the same principles as the French charter of 1830, including two chambers, the royal inviolability, the responsibility of ministers, the liberty of the press, and the national guard. Religious toleration alone is withheld. The Roman Catholic remains before the national religion exclusively.

[Correspondence of the News.]

New York, March 3d, 1848.

1st. Editor:

Can you well imagine anything more glorious than a rainy, stormy day, in a great city? Those little colonies of Stock brokers are not found at their accustomed piers, and few are seen perambulating Wall street, that far-famed thoroughfare of Mammon; and our merchant's clerks, with bank book in hand, hastening to take a perhaps, twice extended note; or ragged news boys with lustrous lungs, crying ere the extra "Herald." The very dray orses lop their ears and hang their tails, as in entreaty for a holiday; and then, when anger-provoking tricks as the wind-whistles play with the costumes of pedestrians, now completely metamorphosing that trim Frenchman's "chapeau" away over to the Park Fountain. And O! horrors! high walking. Why the mud is not like recent mud, but red and clayish, and such will most surely cause Cæsar to use a picked expression as he endeavors, but in vain, to bring a polish to master's Sunday boots.

'Tis sad to see the crowd of young and delicate girls, as they wind their way homewards from their daily tasks, but thinly clad and poorly protected from the driving storm; for one cannot resist the thought that their hectic flush and brilliant eye, are but too sure precursors of consumption, which will full soon make them inmates of the tomb, even before the spring flowers of another season shall have opened their delicate buds. God help the virtuous poor.

Yours, ARTHUR.

TOO BAD.—Two young ladies in New York, who had tickets for the Ball given at the Astor Place Opera House last evening, were actually compelled to advertise for a "beau" to accompany them. They should have availed themselves of the privileges of leap year and invited some gentleman to go with them. The following appeared in the New York Commercial Advertiser, as an advertisement:

"Two young ladies, who have tickets for the Fancy Dress Ball to be given at the Opera House in Astor place, on Monday evening next, are desirous of placing themselves under the protection of a gentleman. They would be most happy to have an interview with him in the afternoon preceding the evening of the ball, when this strange manner of procuring a beau will be satisfactorily explained."

A line addressed, with real name, to Rosalind and friend, at this office, with the best of reference as to character, &c., will meet with attention.

Spring has come by the calendar, but he are not yet among violets, lilies or roses. The wind is bleak and creditably March-like, the sky is mottled and there is an eager and nipping air. Before long, however, the young blades of grass will be springing up, the birds will carroll and all the world be merry.

The Hon. E. W. Lawton has retired from the house of E. W. Lawton & Son, and the firm is now composed of Francis Lawton, E. W. Lawton, Jr., and Charles E. Lawton.

Thirtieth Congress--First Session.

SENATE.—March 3d.—A message was received from the President communicating the correspondence between the Government and Mr. Wise, called for by a previous resolution of the Senate. It was received and ordered to be printed.

Mr. Cass proposed to introduce a bill for the purpose of ascertaining and paying California claims.

Mr. Dix, of New York, presented a memorial from physicians and surgeons of New York, regarding the adulteration of drugs, which was received and referred.

Mr. Dickinson, of New York, presented the proceedings of a large and respectable meeting held at Saratoga, New York, which were against the war and in favor of peace, which were duly received.

Mr. Pearce then moved to resume the consideration of the special order of the day, but gave way to a motion to take up a joint resolution from the House, to purchase maps, charts, &c., for the use of the Congressional Library, which was disposed of.

Mr. Westcott submitted a resolution that one thousand additional copies of Cook's report be printed.

On motion of Mr. Sevier, the Senate went into executive session.

Mrs. ADAM'S LETTER.—The following letter, was read in the House of Representatives, on Wednesday. It was heard with breathless attention, and commanded the sympathy of all the members, and of all who heard the letter read:

Washington, Feb. 28th 1848.

To the Hon. Robert C. Winthrop, Speaker of the House of Representatives of the United States.

Sir,—The resolutions in honor of my dear deceased husband, passed by the illustrious Assembly over which you preside, and of which he, at the moment of his death, was a member, have been duly communicated to me.

Penetrated with grief at this distressing event of my life, mourning the loss of one who has been at once my example and my support through the trials of half a century permit me, nevertheless, to express, through you, my deepest gratitude, for the signal manner in which the public regard has been voluntarily manifested by your honorable body, and the consolation derived to me and mine from the reflection that the increased efforts of an old public servant have not proved without their reward as the generous appreciation of them by his country.

With great respect, I remain,
Your obedient servant,
LOUISA CATHERINE ADAMS.

It is said that a vacancy will be created on the bench of the Court of Common Pleas, Boston, by the resignation of Hon. L. S. Cushing. Judge Cushing will resign to accept the appointment of Reporter of the Decisions of the Supreme Court, which office, it is said, has been offered him.

The Brunswick, Me. Advertiser states that among the Medical Students at the present session of the Medical School are several colored gentlemen, and remarks that they will find that respectable people in Brunswick, respect the respectable of whatever nation or complexion they may be.

The weather, yesterday, was as fickle minded as a coquette. Between one and two o'clock the snow came down "mit a vengeance," but it did not last but a few moments. This brief snow squall put us in mind of old women that we have seen before now, when attacked by a scolding fit;—after blowing and puffing away for a few moments, making all present tremble for their safety, they will calm down, and put on such benignant smiles that those who have been the objects of their castigation cannot but forgive them.

"Eureka," "The National Journal of Inventions, Patents, and Science," is the name of a paper published by Kingsley & Pissou, No. 5, Wall-street, New York, the object of which is seen in its cognomen. Every mechanic should take it, as it costs but \$1 per year.

The treaty, with some modifications, it is thought will be ratified. The vote on it will probably be taken in the Senate to-day.

The Baltimore Conference of the Methodist Episcopal Church assembles to-morrow.

The Supreme Court commences its session in the State House at 10 o'clock to-day.

CAPT. THAYER IS DEAD.

Capt. Seth Thayer, of the steamboat C. Vanderbilt, died at his residence, in Seawoek, near Providence, yesterday morning, aged 55 years. He was taken sick on board of his boat three or four days since, when he was taken home to die.

Efforts will be made to-day to get the ship Mary Frances aloft. Two sloops, with the necessary fixtures, started for her last night.

Forty-four years ago to-day, the British and Foreign Bible Society was formed.

Our Post-office has been removed to the spacious room in Swinburne's Block.

Boston, Dec. 10th, 1846.

This may certify that I have used P.O.'s Lotion, (as prepared by Messrs. Ames and Olds) for Scabs, Burns, Bruises, &c., and am happy to say that I believe it is all it purports to be.

JOSEPH KENDALL,

To enable Mankind to Die of Old Age without Disease.—This public may not be aware that the Rev. B. Hubbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked.

Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Billious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a possessor of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hubbard is on the label of each box. All others are spurious. T. R. Hubbard, M. D., 26 John-st., New York, proprietor. See advertisement in an Nher column.

It is not often that we find amongst the Medical Faculty sufficient candor to accord any merit whatever to "Patent Medicines" as it conflicts with their interest so to do; but below we give an exception.

Opinion of a Regular Physician.

Exeter, Me. Sept. 30, 1845.

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs, for two years past and many bottles, to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. Boyden, Physician at Exeter Corner. None genuine, unless signed I. BUTTS on the wrapper.

[Extract of a letter from Dr. Williams of V.] Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons. A. Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.

The Lady's Faith in Railway's Soap. I knew my face was Tanned and Freckled, With Pimples, and with Blotches speckled Sunburn and other annoying Spots, With Scabby, Morpew and Salt Rheum, Upon my cuticle assumes To reign with full authority. But, oh! my friends, I'll cure them soon, With a soap of a superior quality, Railway's Chinese Medicated Soap. Is the name of this precious Soap? It really cures all hereinstated. Either Pimples, Blotches, Tan or Spots. The lady said she spoke the truth. She found the Soap the friend of youth, And beauty now assumes its place, Upon the clear, transparent face, All who have upon your skin, Pimples or Blotches, Pustules or Tan, On the neck, the nose, the face or hands, Or if perchance upon your arms— And would possess angelic charms, Fear not to rest your faith and hope In Railway's Medicated Soap. A secret which baffles the ingenuity of all who have attempted to analyze its properties. Railway's Chinese Medicated Soap. The extraordinary effects of this delicious emollient is truly astonishing, for no sooner is Railway's Soap applied to the face, than tan, sunburn, pimples, blotches, and other excruciating skin diseases disappear. It soothes, heals and sweetens the skin, and imparts beauty to the complexion of all who use it. Sold for 2s. for large, and 1s. for small, at 22 Courland st. N. Y. R. J. TAYLOR, Agent.

One of the most important effects of the recent progress of Science is the alliance of Chemistry with Physiology. By which a new and unexpected light has been thrown upon the vital processes of animals. For this we are indebted chiefly to the German and French chemists. We have now a clear understanding of the different action of aliments, poisons, and remedial agents, and the long derided theory of the blood being the portion of the system upon which the latter should act, is now a demonstrated truth. The great object, therefore, is to ascertain what remedy will act most directly upon the constituents of the blood when in the act of combination. Experience, observation, and a cloud of witnesses, establish the fact that SAND'S SARSAPARILLA, is the very head of this class. Cancer, scrofula, rheumatism, erysipelas, leprosy, ringworm, mercurial diseases, suppuration of the glands, swelling of the joints, and all the diseases of the muscles and tissues, together with general debility of the system, yield to this unfailing purifier of the blood—for the blood is the channel through

which disease finds its way to the various organs of the body.

Prepared and sold by A. H. & D. SANDS, Druggists, 100 Fulton st. N. Y.

Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by C. Dyer, For sale by R. J. TAYLOR.

CAUTION.—The public are particularly cautioned against being imposed upon by persons that are selling preparations of Sarsaparilla which they pretend have the same qualities as Dr. Sarsaparilla and Tomato Bitters. Since these Bitters have been offered to the public, there have been no less than four different imitations got up by as many different individuals, and sold for the genuine. The good qualities of Brown's Extract of Sarsaparilla and Tomatoes, or Sarsaparilla and Tomato Bitters, is already known and appreciated by physicians and the public—particularly by those who have used them for impurities of the blood, bad humors, scrofulous diseases, bilious affections, Costiveness, loss of appetite, &c. There has been no medicine sold that has given such general satisfaction. There cannot be the least doubt but that this compound is the best alterative now in use. We have abundance of proof of that fact. There have been thousands of cases of impurities of the blood cured by this medicine. Some of them have been truly wonderful, where the patients have been given over as incurable. The above compound is not merely a common extract of Sarsaparilla, but a very strong extract of the best Spanish Sarsaparilla, extracted by an entirely new apparatus, made expressly for the proprietor, and used by no other person in this country. This apparatus ensures the whole medical qualities of this most valuable root.

MADAME O. AMY.

This truly irascible lady is still at the United States Hotel, displaying her mysterious and wonderful powers in developing human character, by the aid of improved modern science, bringing from oblivion the things of the past, and giving form and pressure to objects yet sleeping in the wide abyss of possibility.

Cold Feet are an evidence that the blood is encumbered with morbid humors, which not only render the circulation sluggish and unequal, but prevent a proper supply of the vital fluid to the extremities. Hence coldness of the hands and feet, accompanied with headache, giddiness, and many other unpleasant complaints.

Wright's Indian Vegetable Pills are one of the best preventives in the world against Cold Feet, because they not only cleanse the blood from those impurities which are the cause, but they impart an energy to the circulation which carries it with vigor to every part of the system.

Beware of SUGAR COATED COUNTERFEITS.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

The genuine are for sale by G. C. G. HAZARD, No. 89 Thames-st., Sole Agent for Newport; and by Nathan Dennis, Portsmouth; Seabury & Almy, Tiverton Bridge; Arnold, Smith, Tiverton Four Corners; H. E. Brown, Fifth Common; W. A. Brown, Adamsville. Wholesale at the New England Office, 139, Tremont-st., Boston.

JONES'S SOAP.

Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan. Why, 'twill regulate the love of any man! Those freckles, too, you know they'd quickly fly if Jones's Soap you'd use; come once—do try! It costs but fifty cents, and I am told It's worth, ay, doubly worth, its weight in gold. Persons who have had no faith in it, have been astounded at the wonderful effect of Jones'—that is, the genuine Jones' Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

SHOES, BOOTS AND GAITERS.
A very Extensive Supply.
IN offering this stock of goods to the int. i-
tants of Newport and vicinity, I am aware that
the satisfaction of making a good bargain is incom-
plete-it is not realized when the purchaser does
not know that he is receiving for his money the
very best return. To give, in this case full as-
surance, I will say, that whilst the above goods are
too valuable to allow of being purchased at low
prices than other goods in market, I will notwith-
standing, sell them at such prices as cannot fail to
secure a continuance of that custom which I al-
ready have so largely and so liberally received.

establishment in the United States.

The following is a list of their

PHALON'S
CHEMICAL
HAIR
INVIGORATOR

**Phalon's Chemical Hair Invigo-
rator.**
A REMEDY for all diseases of the Hair, and
is restorative in all cases where baldness is not
beyond the reach of art.

Naught with beauty can compare,
With soft, glossy locks of hair;
If not endowed with such by nature,
Use Phalon's Hair Invigorator.

The subscriber having devoted a considerable
portion of his time for twenty years to the study
of the skin and the human hair, also the best
means of treating and curing the same, and hav-
ing, in the course of his experiments made various
changes and improvements in the different arti-
cles approved as the best for such purposes, has at
length, after laborious research and deep investiga-
tion, succeeded in bringing to perfection a com-
position, the virtues of which he challenges the
world to excel.

The Chemical Hair Invigorator is composed of
a number of vegetable ingredients of opposite quali-
ties, and approved by the highest medical stand-
ard, the secret of blending and combining, which
is known only to the subscriber, who has spared
neither pains nor expense in bringing it before
the public.

The Invigorator is an article in which a cleans-
ing and purifying wash is beautifully blended with
a most delicate, silky and glossy moisture of the
hair never before attained, yet free from ani-
mal grease or essential oils. It cleanses the
pores of the skin, causes a healthy action of the
blood vessels, nerves, &c., which free the hair,
thereby preventing baldness and gray hair, entire-
ly frees the skin from scurf, dandruff and other
cutaneous diseases, disposes the hair to curl, and
keeps it so - will positively change the hardest hair
into the most soft and healthy and glossy state, al-
so imparts to it a darker color, and a free use of it
will keep both the skin and hair in a healthy and
luxurious state until the last period of life.

Ladies will find the Invigorator a great addition
to the toilet, both on account of its delicate and
agreeable perfume, and the great facilities it
affords in dressing the hair, which when moisten-
ed with the Invigorator can be dressed in any re-
quired form, so as to preserve its place whether
plain or in curls. When used on children's heads
it lays the foundation of a good head of hair.

The Good Things of the Season, FOR Parties, Holiday Pre- sents, &c.

WINTER evenings and YOUNG'S Variety Store form pleasant associations for the inhabitants of Newport. There is nothing scarcely that can contribute to the comfort of all, that cannot be obtained at this store, and all as low and a great many much less than can be bought elsewhere in Newport. For example, you will attach the following prices, and every article is warranted.

Western Apples from \$1.75 to \$2.12 per bushel; chestnuts from four to five dollars per bushel; almonds one shilling per pound; new raisins, figs, dates and currants 12 1/2 cts per pound; we sell these last named articles at wholesale prices. Prunes 20 cts per pound; grapes 25 cts; new citron 25 cts; preserved ginger 1 1/2 per jar, or 30 cts per pound, in small quantities; candies and all kinds of confectionery cheaper than they have ever been sold at any other store in N. W. at wholesale and retail, always fresh and of the finest quality; for the truth of this we wish every one to come and judge for themselves.

This is no idle advertisement merely to draw people to my store to disappoint them, but a plain statement of facts, which all may ascertain by calling. Also several kinds of Cough Candy, warranted equal to any now in use, for the cure of all kinds of complaints arising from colds.

Fancy articles and toys of every description, in any quantity, such as silk purses, pocket books, cigar cases, pocket knives, scissors, razors, razor straps, hair, clothes, tooth, and shoe brushes, fancy work, boxes, walking canes, dominoes, dice, conversation cards, French and Highland do, combs of all kinds, cologne, hair oil and pomatum, cigars, tobacco, and everything that is ever kept in a confectionery and variety store.

IF Rev. B. HIBBARD'S Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best physic you ever tried, and fully equal to any recommendation of them, you do not find that one of these pills does more good than from four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money.

These Pills are recommended as being without an equal in all Bilious attacks, affections of the Liver, the Lungs, Stomach, or Bowels, caused by taking cold, or obstructed perspiration. They carry off the bile, cleanse the stomach and bowels, and re-open the closed pores of the body, thereby letting out the insensible perspiration through its accustomed channels, and relieving at once the internal organs. Also in old chronic affections, as Dyspepsia, Sick Headache, Rheumatism, &c.—Mind the Directions, which go with each box.

Every agent has circulars of these Pills to give away.

Half a Pill is the usual dose, though some require One Pill, or even more. Children of one year and over, one quarter of a pill, of 7 years and over, half a pill. These Pills are purely VEGETABLE, and may be taken under all circumstances, without regard to drinks or diet.

Hyer's Pills. The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.
This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties.

During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (six periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

CLICKER'S SUGAR-COATED PILLS.

The grand purgative for the cure of headache, piles, rheumatism, dyspepsia, scurvy, small pox, jaundice, rising in the throat, fevers of all kinds, heartburns, coughs, consumption, erysipelas, deafness, colds, gout, gravel, pains in the back, palpitation of the heart, inward weakness, dropsy, asthma, measles, salt rheum, worms, quinsy, whooping cough, fits, liver complaint, itchings of the skin, nervous complaints, and a variety of other diseases, arising from impurities of the blood, and obstructions in the organs of digestion.

CAUTION.—Beware of an imitation article called Improved Sugar-Coated Pills, purporting to be patented, as both the pills and pretended patent are forgeries, got up by a miserable quack in the city of New York, who for the last four or five years has made his living by counterfeiting popular medicines.

Remember, Dr. C. V. Clicker is the inventor of sugar-coated pills, and that nothing of the sort was ever heard of until he introduced them in June 1843. Persons should therefore always ask for Clicker's sugar-coated pills, and take no others, or they will become the victims of a fraud. 25 cents per box, or five boxes for \$1.

Brownell's Cooking Range.

THE subscriber has just completed the invention of a new Cooking Range, to which he invites the attention of the public. This Range possesses qualities for expeditious boiling and cooking that other Ranges do not, and it occupies but a small space of room.

Brownell's Cooking Range has six eight inch boilers, any two, or four of which, can be thrown into one, so as to admit of a large boiler; and it is provided with a set of rings so that any size furniture can be used on it. Its Oven is large, convenient of access, and having an upward draft, it bakes evenly with a small quantity of fuel.

One of these Ranges is in successful operation at the store of the subscriber, subject to the examination of the public, who are invited to call and take a look at it. WILLIAM BROWNELL.

Coggeshall & Bliss' Patent Cooking Range.

THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains an Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.

READER! READER!

If you are afflicted with Bronchitis, Asthma, Catarrh of the Lungs, Cough, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Annetts, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin, 103 Eldridge-st.
Mr. Alonzo Brown, 72 Reade-st.
Mrs. Morgan, 163 Front-st., Brooklyn.
Orange county, April 19th, 1846.

DR. EMANUEL.

Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent;

MOTHER'S RELIEF.

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferile and nervous affection. Its soothing and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented, in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BARTHOLOEW'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.
